

November 9, 1947.

Dr. C.E.Connor,  
Washington College,  
Chestertown, Maryland.

Dear Dr. Connor,

In answer to your enquiry, concerning linkage in E. coli,  
I would suggest that you refer to two publications which have  
appeared in the <sup>June</sup> ~~May~~ issue of the Journal of Bacteriology and in  
Genetics, in the September issue which is overdue. The sub-  
ject is far too involved to be gone into in a letter. Thank  
you for your interest.

Yours sincerely,

Joshua Lederberg,  
Ass't Professor of Genetics.
